We would like to write this letter as a recommendation for Zarko Zivkovic and to assure you he is an excellent all around Web Designer.

Zarko showed impressive skills working on our projects in fields of graphic design, branding, social network marketing, SEO and programming. He also contributed to our company with great ideas and innovations which improved our company's brand, look and feel of our website, creating great email campaigns and designing our seasonal presentations.

He is a very fun and communicative person with hard work ethic. It is always pleasure to work with him because of his open approach and professionalism. Besides his great skills in Photoshop, Illustrator, HTML/CSS, WordPress and PHP, we would like to point out that he is great in thinking outside the box, quickly and creatively finding solutions to any existing problem, with an amazing sense of marketing that impressed us.

Zarko always does great job and respects time constraints imposed on him. He was an integral part in our team's projects and excellent in his solo projects. Hard worker by any means. We recommend him for any position he pursues and wish him the best in his future career.
