We would like to recommend Žarko Živković as a candidate for a position with your organization. In his position as Web Designer, Programmer and Media Assistant, Žarko worked successfully in our office from 2011 - 2014.

Žarko did an excellent job in his position and was a big part of our organization. He has excellent web skills in JavaScript, HTML, CSS, Joomla, Wordpress and PHP, and he used them in many web projects and made a big contribution to our company's portfolio. He was involved in projects for business websites, marketing companies, Serbia Energy websites (the biggest South-East Europe energy website), commercial websites and many more.

He also worked in our core project "Home Automation" where he helped with his programming skills. With great knowledge of XAML, C# and Windows Presentation Foundation, Žarko helped in development of Windows 8 application that is designed for Smart Houses and their automation.

Žarko was willing to offer his assistance at any time, did a great contribution to our company and had a great relationship with our employees, our clients and other professional organizations. His work was professional at any level. He would be an asset to any employer and we recommend him for any endeavor he chooses to pursue.
